The bark Ceylon, Captain Willer, sails for Laysan Island to-day with supplies and provisions of all kinds, a new lot of Japanese laborers to work the guano and Max Schlemmer who is to be the new king of Laysan.

It was thought that the bark would get away yesterday afternoon but there was so much to be done preparatory to departure that the time of leaving had to be postponed. Provisions were put aboard the vessel yesterday morning. It will be remembered that the Ceylon brought back from Laysan on the 7th inst, Captain Spencer and his wife, Captain Spiller, Spencer's "friend," the old carpenter, Wahlers, and all of the Japanese, including three wounded, and excepting two left dead on Laysan, who figured in the uprising and shooting on that interesting islet on the 11th of August.

And now the Ceylon sails once more for the guano fields with more laborers, new ones, and a new manager. Will she bring other stories of adventure when she next returns?

### LEOWA SOLD.

The yacht Leowa has been sold for \$100. Mr. Lemmon is the purchaser and will endeavor to fix her up. The Leowa has a history and rather an interesting one, too. Ever since she was built she has run up against misfortune. The members of the stock company which formerly owned her claim that she was not built properly in the first place, that she was not seaworthy and couldn't float more than an hour or two at a time. There is, however, considerable evidence to the contrary, and those who know something about how to take care of a yacht say that the reason the Leowa is in her present condition of practical uselessness is that the members of the stock company didn't give the little craft any better care than they would a raft. They put her on the dry-dock once when she was full of water and left her there for several days. There was trouble between the stock company and the builder and the builder still waits for a good portion of the payment which was to have been made. However, the five members of the stock company have now each \$20 in their possession and all previous troubles as far as they are concerned are forgotten when they glance at the proceeds of the investment.

### WEALTH AT HIS DOOR.

C. V. Sturdevant of T. H. Davies and Company was a thousand dollars richer yesterday than he was the day before. That is he discovered he was just that much farther ahead in his assets. On Wednesday evening a friend called at the Sturdevant residence and expressed curiosity concerning a queer looking article used to hold a door back. He said it was ambergris. Sturdevant only laughed but the visitor insisted and yesterday morning the substance was taken to Benson, Smith & Company's establishment for examination. It proved to be the real article. The ambergris weighed 42 ounces and, as quoted on the New York market, is worth \$26 per ounce. Mr. Sturdevant, then, is the possessor of \$1092 worth of ambergris.

About ten years ago Mrs. Sturdevant was on a sailing vessel on a pleasure trip through the Gilbert Islands. One day she was fishing over the side of the vessel and noticed a brownish substance floating on the water and questioned a native sailor concerning it. The native informed her that it was a piece of a sick whale's stomach. Mrs. Sturdevant secured it and kept it as a souvenir of the South Seas, and took it to her home in the States, bringing it with her afterwards to Honolulu. Mr. Sturdevant found it stowed away in the house and used it as a convenient article wherewith to hold back a door.

### STEAMER NOEAU.

Yesterday morning the Noeau arrived in port from Honokaa. Her report is as follows: There will be 6,500 bags of sugar left at Honokaa when the Mikahala finishes loading. Kukulhaele has finished grinding and there is no longer any sugar left at that place. The Mikahala leaves for Honolulu September 20. The Noeau left port on the 13th instant. Her delay was caused by the breaking down of the donkey engine on board.

### ARRIVED YESTERDAY.

## HONOLULU ALIVE.

When you know a good thing tell it. It will not lessen its goodness. But will do good to others. If you've been cured, tell it. There's more misery just like it, waiting to find out how. There are lots of lame backs in Honolulu.

It's a busy place and people must work. There's kidney trouble to a large extent. Ever notice how many people over 40 complain? Seven out of ten say colds affect their kidneys. The kidneys are the causes, not the colds. Keep them in shape by all means. You can do it easily and pleasantly. No nauseating disturbances. No effect except on the kidneys. But that effect is quick and permanent. Doan's Backache Kidney Pills do perfect work. Honolulu is full of their praises. Mr. H. G. Crabbe, of Nuuanu street, this city, formerly a merchant and clerk, is now a collector. He writes: "My age is 69 years and I am blessed with children and grandchildren. For about two years I have been troubled with a severe pain in the back. A short time ago I purchased some of Doan's Backache Kidney Pills at Hollister & Co.'s Drug Store, and found great relief through using them. I keep some of the pills by me as a safeguard against attacks of my old complaint, which I need not fear so long as I have a remedy like Doan's Backache Kidney Pills to combat them."

For sale by all dealers; price 50 cents per box, six boxes \$2.50. Mailed by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

### COFFEE INTOXICATION.

A visitor recently returned from Brazil says that the whole country is perpetually intoxicated by coffee. It is brought to the bedside the moment one awakes and just before he drops asleep, at meals and between meals, on going out and coming in. Men, women and children drink it with the same liberality, and it is fed to babies in arms. The effect is apparent in trembling hands, twitching eyelids, yellow, dry skin, and a chronic excitability worse than that produced by whisky.

## With the Change in Tariff

Comes a sweeping reduction in the price of all goods of American manufacture.

We have cut on every piece of jewelry and silverware in the house, and you will be surprised at the great difference from former prices. No fear of comparisons here, where quality and pattern are considerations.

What do you think of full-sized solid silver teaspoons being reduced to \$3.00 a dozen, with engraving thrown in, and all articles of silverware reduced in like proportion.

These are by no means catch prices, but regular prices which will prevail here from now on, on all the different lines of goods from the States.

While reducing all our American goods we have not changed the prices on any of our European potteries, glass and chinaware, and although the present cost is forty per cent more than formerly, while our present very large stock lasts we will sell at the old rates. This is a very large saving to you, and we recommend that you make your purchases from these lines now, before an advance becomes necessary.
